AUSTIN ISD

Student Achievement by Proficiency Level

This section provides the State of Texas Assessments of Academic Readiness (STAAR) performance results for each subject area and grade level tested in the 2015-16 school year. These results include all students tested, whether or not they were in the accountability

% of Non-Participants 0% 2016 0%

- '*' Indicates results are masked due to small numbers to protect student confidentiality.
- Indicates zero observations reported for this group.

'n/a' Indicates data reporting is not applicable for this group.

Student Achievement and State Academic Annual Measurable Objectives (AMOs)

This section provides the STAAR performancOs

^{&#}x27;?' Indicates that the data for this item were statistically improbable, or were reported outside a reasonable range.

schools include Tier I or Tier II TTIPS schools, camp	puses with graduation rates less than 60%, and lowest achieving campuses based on All
Students reading/math performance.	are 10% of Title I served campuses, not already identified as priority schools, that have
the widest gaps between student group performanc	e and safeguard targets. Campuses are ranked based on the largest gaps between
student group reading/math performance and the air	nnual measurable objectives (AMO) target of 83%. Campuses were originally staged as
priority and focus based on data from the 2013 Acc	ountability Reports. Priority and focus schools having improved in performance and are no
longer identified as improvement required for the Au	ugust 2015 and 2016 ratingswill include a "Progress" label. All schools that do not meet
that criteria will remain identified as priority or focus	

N/A No N/A No

is identified as a Title I school with distinctions based on reading and math performance. In addition, at the high school level, a reward school is a Title I school with the highest graduation rates.

Graduates Enrolled in Texas Institution of Higher Education (IHE)

This section provides the percentage of students who enroll and begin instruction at an institution of higher education in the school year (fall or spring semester) following high school graduation. The rate reflects the percent of total graduates during the 2012-13 school year who attended a public or independent college or university in Texas in the 2013-14 academic year.

Report Not Required
