Part (i): Description of State Accountability System

Part (i)(I) the minimum number of students that the State determines are necessary to be included in each of the subgroups of students for use in the accountability system. The Texas accountability minimum size criteria are 25 tests for assessment related indicators or 25 students for non-assessment related indicators, such as graduation, for any student group, and 10 tests or students for the all student group.

Part (i)(II) the long-term goals and measurements of interim progress for all students and for each of the subgroups of students.

	State ESSA Goals													
		All Students	African American	Hispanic		American Indian		Pacific Islander		Econ Disadv	Special Educ	EL (Current & Former)		
Academic Pe	rformance (At Meets Gra	ade Level o	or Above)											
Reading/ELA	Baseline 2016-17 Rates	44%												

Part (i)(III) the indicators used to meaningfully differentiate all public schools in the State:

a. Academic Achievement Indicator: STAAR Performance Status (Percent at Meets Grade Level or Above)

- b. Other Academic Indicator for Non-High Schools: STAAR Growth Status
- c. Graduation Rate: Federal Graduation Status
- d. ELP Indicator: English Learner Language Proficiency Status

e. School Quality or Student Success (SQSS) Indicators: College, Career, and Military Readiness for High Schools and K-12 Student Achievement Domain Score: STAAR only for All Other Schools without Annual Graduates

Part (i)(IV) the State's system for meaningfully differentiating all public schools in the State, including -- (aa) the specific weight of the indicators in such differentiation

Campus Type	Indicator	Weight
Elementary and Middle Schools	Academic Achievement	30%
	Other Academic Indicator	50%
	English Learner Language Proficiency	10%
	SQSS: Student Achievement Domain Score: STAAR Component Only	10%
High Schools and K-12s, AEAs, and Districts	Academic Achievement	

(bb) the methodology by which the State differentiates all such schools. A weighted average of the accountability indicators will be computed from the number of items meeting targets divided by the number of items evaluated. The weighted average will be scaled to grades A (90-100), B (80-89), C (70-79), D (60-69), and F (0-59) and further used to differentiate all public schools. https://tea.texas.gov/sites/default/files/chapter-4-2022-closing-the-gaps-domain.pdf

(cc) the methodology by which the State differentiates a school as consistently underperforming for any subgroup of students.TEA uses the Closing the Gaps domain to identify campuses that have consistently underperforming student groups. A student group that misses the targets in at least the same three indicators, for three consecutive years, is considered consistently underperforming. Any campus not identified for comprehensive support and improvement (CSI) that has at least one consistently underperforming student group is identified for targeted support and improvement (TSI). TSI identifies both Title I and non-Title I campuses. Data from 2018, 2019, and 2022 are considered consecutive years for 2022 TSI identification.

- Indicates there are no students in the group.
- * Indicates results are masked due to small numbers to protect student confidentiality.
- Ever in grades 9-12.

Part (iv): English Language Proficiency

This section provides information on the number and percentage of English learners achieving English language proficiency based on the 2022 TELPAS (Texas English Language Proficiency Assessment System) data. (EL: English learner)

Total EL in Class	Proficiency of EL	Rate of Proficiency
73	11	15%

- Indicates there are no students in the group.
- * Indicates results are masked due to small numbers to protect student confidentiality.
- Indicates data reporting does not meet for Minimum Size.

Part (v): School Quality or Student Success (SQSS)

This section provides information on the other indicators of school quality or student success, which is college, career and military readiness (CCMR) for high schools and average performance rate of the three STAAR performance levels of all students, regardless of whether they were in the accountability subset, for elementary and secondary schools without a graduation rate. (CWD: children with disability; EL: English learner)

	All Students	African American	Hispanic	White	American Indian		Pacific Islander			CWD	EL

Target Met											

Blank cells above represent student group indicators that do not meet the minimum size criteria.

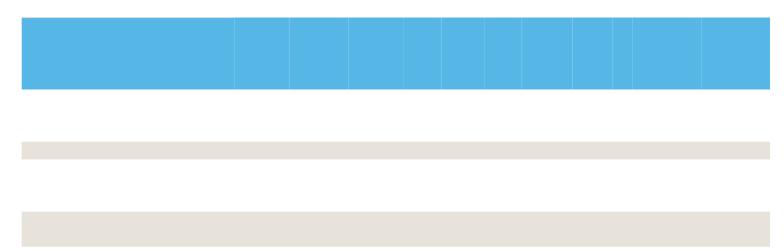

+ STAAR Performance and Graduation use EL(Current & Monitored), EL English Learner Language Proficiency uses EL (Current).

€ Student groups that are/at/or above 90% are required to exceed that rate by at least a tenth of a percent in the following year(s).

Part (vii): STAAR Participation

This section provides the percentage of students assessed and not assessed on STAAR for mathematics, reading/ELA, and science for the 2021-22 school year. (CWD: children with disability; CWOD: children without disability; EL: English learner)

Total students	African American	Hispanic	White	Indian or Alaska Native	Asian	Pacific			

Part (x): Per-pupil Expenditure

This section provides information on the per-pupil expenditures of federal, state, and local funds, including actual personnel expenditures and actual non-personnel expenditures, disaggregated by source of funds, for each school district and campus for the preceding fiscal year.

To be updated by June 30th, 2023.

Part (xi): STAAR Alternate 2 Participation

This section provides information on the number and percentage of students with the most significant cognitive disabilities who take STAAR Alternate 2, by grade and subject for the 2021-22 school year.

	State				
				Campus

- Indicates there are no students in the group.

* Indicates results are masked due to small numbers to protect student confidentiality.

Part (xii): Statewide National Assessment of Educational Progress (NAEP)

This section provides results on the state academic assessments in reading and mathematics in grades 4 and 8 of the 2019 National Assessment of Educational Progress, compared to the national average of such results.

	State Level: 2019 Percentages at NAEP Achievement Levels											
			% Below Basic				% At or Above Proficient		% A Adva	.t		
Grade	Subject	Student Group	ТΧ	US	ТΧ	US	ТΧ	US	ТΧ	US

Part (xiv): Additional Information - Chronic Absenteeism

This section provides information on the Chronic Absenteeism per EDFacts definition: percent of unduplicated number of K - 12 students enrolled in a school for at least 10 days and absent for 10% or more days during the 2020-21 school year. (CWD: children with disability; EL: English learner)
