Serving Students

Students who are inspired to become teachers themselves will have early exposure and high-quality teacher training that sets the stage for their professional careers. Getting their start in a supportive environment enhanced by strong partnership helps instill a commitment to urban education and the value it brings to the community.

Preparing Our Kids To Succeed By

- ✔ Increasing the diversity of candidates can help them excel in their careers.
- ✔ All incoming teachers should be trained in the field, clinical science, diversity and inclusion, data-driven learning, and social and emotional learning, and gain-based data-informed instruction.
- ✔ Getting the best of both worlds.
