## USING THE RESULTS OF THE AISD PARENT SURVEY

Please examine your results to determine areas of strength and opportunities for improvement. Areas of strength can be identified by large percentages of parents who “Strongly Agree” or “Agree” with a statement. Opportunities for improvement can be identified by large percentages of parents who “Disagree” or “Strongly Disagree” with a statement. In addition, please look for patterns in which one staff category consistently receives more positive or negative responses than other staff categories. This will help you to identify opportunities for praise and areas in which training may be necessary. If your campus percentages are very different from those reported by parents district-wide, please consider potential reasons for discrepancies.
