First, examine your campus scores for changes over time. Green upward-facing arrows indicate a statistically meaningful increase in average score from the previous year, red downward-facing arrows indicate a statistically meaningful decrease from the previous year. It is particularly important to examine the individual item responses on the following pages for any subscales with meaningful changes from year to year. If you do not see any arrows, changes in your school's dimension or subscale scores may not represent meaningful differences from year to year.

If the average score for your campus has increased in a particular area, please consider campus policies and practices that may be responsible for these improvements. Conversely, if the average score has decreased, please examine any changes on your campus that may account for these declines and consider possible strategies for improvement. Page 6 contains more information about ways to improve school climate.

Scores for your campus this year should be examined relative to the scores for all schools at your level. If your school's average score for a dimension or subscale is lower than the average for all schools at your level, individual item responses will help you to identify areas for targeted improvement efforts. Alternatively, if your school's average score for this year is higher than the average for all schools at your level, individual item responses will provide more detailed information regarding specific areas of strength to help you identify successful strategies.

The following pages contain response averages for each survey item, grouped by subscale. More detailed information regarding the percentage of students selecting each response option may be found in the Appendix at the end of this report.

Behavioral Expectations:

Three items comprise this subscale, which measures the clarity and enforcement of school rules and the consequences for rule violations. Average scores for each item and for the subscale are reflected in the table below.

Average Response for Behavioral Expectations Items

<i>Behavioral Expectations Items</i>	Crockett	Crockett	Crockett	All High Schools
	03-04	04-05	05-06	05-06
9. Everyone knows what the school rules are.	2.38	2.50	2.46	2.60
12. The school rules are strictly enforced.	2.46	2.42	2.39	2.66
13. If a school rule is broken, students know what kind of punishment will follow.	2.46	2.48	2.43	2.55
Behavioral Expectations Average	2.43	2.45	2.42	2.60

School Safety and Cleanliness:

The three items on this subscale indicate the degree to which students feel safe at school and perceive the school as clean. Average scores for each item and for the subscale are reflected in the table below.

ADULT/STUDENT INTERACTIONS

Sixteen items on the survey assess the relationship between students and adults on campus, both inside and outside the classroom. The Adult/Student Interactions dimension is measured through two subscales, labeled "Teacher Support and Engagement" and "Adult Fairness and Respect." Results for the two subscales and the individual items composing each subscale are presented below. Item numbers in each table correspond to the numbers on the survey.

<i>Teacher Support and Engagement Items</i>	Crockett	Crockett	Crockett	All High Schools
	03-04	04-05	05-06	05-06
18. Teachers give rewards or praise for good behavior.	2.30	2.43	2.26	2.34
31. Teachers give rewards or praise for good work.	2.36	2.47	2.37	2.43
27. My teachers are excited about what they teach.	2.56	2.57	2.49	2.60
28. My teachers seem to enjoy teaching.

HOW TO IMPROVE SCHOOL CLIMATE

Research indicates that survey results can help you to identify one or more key areas for focus, and that parents and students are critical to conversations about strategies for improvement. The following list includes strategies that have been shown to enhance school climate and students' overall educational experience (Marshall, n.d.; Stover, 2005; Perkins, 2006). Your campus already is doing some of these things, but you may want to consider ways to enhance current efforts in the following areas.

- a) Increased parent and community involvement.
- b) Implementation of character education.
- c) Use of violence-prevention and conflict resolution curricula.
- d) Use of peer mediation.
- e) Prevention of acts of bullying.
- f) Fair, equal, and respectful treatment of students.
- g) Providing a safe environment for staff and students.
- h) Personalization through adopt-a-kid programs or honoring most-improved students.
- i) Implementation of good classroom management.
- j) Modeling of respect and teamwork among leadership and staff.

APPENDIX

RESULTS BY ITEM

The survey statement is presented on the left, along with the bar graph on the right containing the percentages of responses to each option (Strongly Agree, Agree, Disagree, Strongly Disagree).¹

1. Students in my school respect each other.

2. Students at my school respect other students who are different than they are.

3. I am happy with the way students treat me at school.

Note: Item 8 is not part of a climate subscale or overall climate dimension. It is incorporated into the survey to achieve other AISD-specific purposes (e.g., Board Results monitoring).

4. Teachers at this school care about their students.

7. The staff in the front office respect students.

8. There is at least one adult at my school who I can go to if I have a problem.

19. My teachers expect me to do my best work.

.....

28. My teachers

37. My teachers are understanding when I have personal problems.

38. Teachers help students with personal problems.

39. I get the grades that I deserve on my class work.

40. My teachers are fair with students.

41. My teachers apply classroom rules fairly to all students.
