

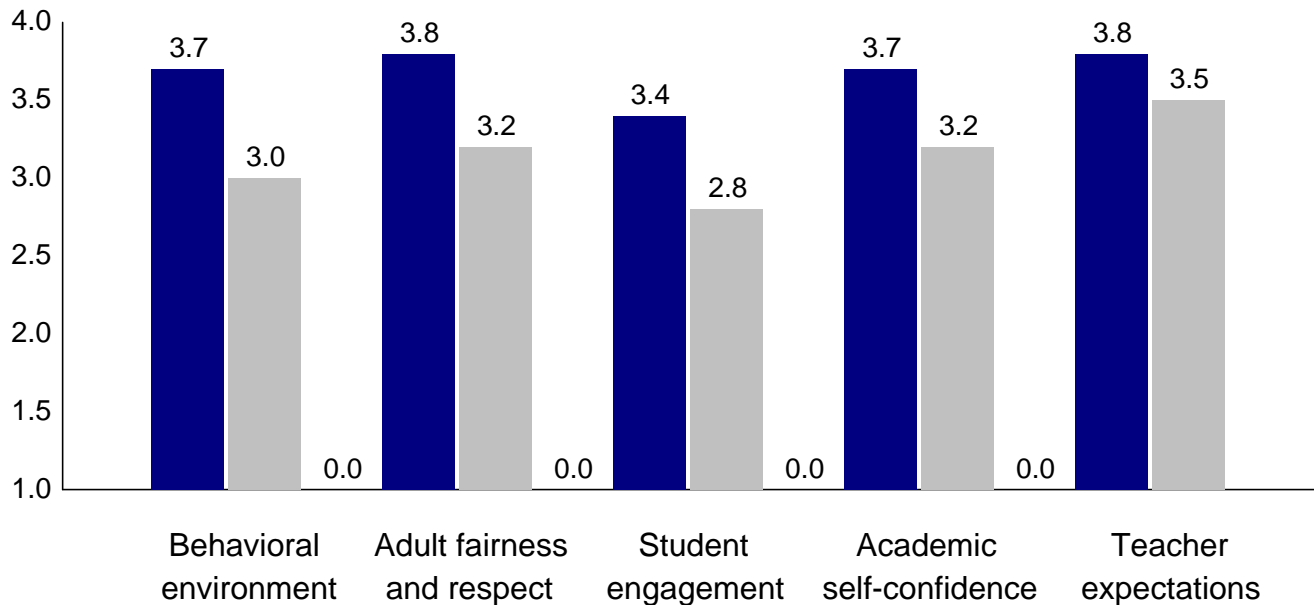

Figure 1. Student Climate Survey Subscales for Garza and all High Schools, 2013-2014

Garza's highest score on the 2013-2014 Student Climate Survey was for teacher expectations, which measures students' perceptions of their teachers' expectations. Please think about what your campus does to foster high expectations, and share your strategies with others.

Garza's lowest score on the 2013-2014 Student Climate Survey was for student engagement. This subscale measures the extent to which students enjoy their schoolwork and learning. We encourage your campus to improve the ways in which teachers provide instruction that is relevant and engaging for students. Improving student engagement is a goal of Social Emotional Learning (SEL). To find out ways to improve student engagement, please visit:
