Title VI, Class Size Reduction **Annual Report Card for Hart Elementary**

For the 1999-2000 school year, **Hart Elementary** received one additional **third** grade teacher due to Class Size Reduction, a federally funded grants program (Title VI, Public Law 105-277). The goal of this program is to reduce class size in grades 1-3 to 18 or fewer students, so that teachers can provide more personal attention to students.

The Class Size Reduction Program Annual Report Card provides information on class size and student achievement during the grant period. Please note that for some campuses, the impact of the grant on class size may be partially masked by the inclusion of bilingual classes. That is, the addition of a regular classroom teacher typically would not affect the number or size of bilingual classes.
