Survey Report

In Fall 2009, 93% of teachers from Langford responded to the survey. Figure 3 represents the percentage of respondents at Langford (depicted in dark green) and across all Elementary Schools (light blue) who identified themselves as teachers, classified/support staff, or administrators and non-teaching professionals, plus the number who did not specify a staff role. This information will help you to generalize the findings to the rest of your campus community.

Figure 3. Percentage of Respondents at Langford in 2009-10 by group and level

Staff results for Langford for the 2009-10 school year year are highlighted on the next page. Please pay close attention to the call-out boxes that appear in red and green as they highlight specific campus climate areas that Langford can improve, as well as areas in which Langford excels. You may visit the following websites for resources and tips on how to improve campus climate in general, and specific resources for improving the area of Langford's lowest subscale score are provided on the next page.

The appendix provides you with more detailed information regarding Langford's campus climate from 2007-08 through 2009-10. Please review the individual items on each subscale with particular attention to how Langford's average ratings have changed or remained consistent over time. To indicate which changes are most meaningful from year to year, statistically meaningful changes are flagged with up or down arrows. Please share the results of this report with all campus staff and your Campus Advisory Council to inform campus improvement planning.
