

2007-2008 AISD PARENT SURVEY RESULTS

MCCALLUM HIGH SCHOOL

The following report contains the results of the 2007-2008 AISD Parent Survey for your campus and all AISD schools at your level. The first section of this report provides a comparison of the campus demographics and the demographics reported by parents who responded to the survey from your campus. The next section describes the percentages of parents selecting specific responses for each survey item, and the final section indicates the actual number of parents who selected each response option. Campus survey results should be examined for areas of strength and opportunities for improvement. Results for all AISD schools at your level and longitudinal results for your campus are presented to provide references for comparison.

How many parents responded to the survey in 2007-2008, and how does this compare to the number of students in the population?
