Federal Standards for Collecting and Reporting Ethnicty and Race

Starting in 2010 2011, school districts were required to report race and ethnicity using revised standards. The new standards require a person to first select his/her ethnicity (Hispanic/Latino or not non Hispanic/Latino) and one or more of five race values. Since more than one race value may be chosen, percentages may not add to 100.

Note. Students' grade and ethnicity were self reported. Population data reflect enrollment as of the October 2014 PEMS snapshot date. Responses to items may not total 100% for various reasons including participants not answering a question.
